A Kennedy Letter Sold At Auction

NEW YORK (AP)—I. Budd Rockower, a private collector from Philadelphia, paid $525 at an auction in New York for a letter written by Mrs. John F. Kennedy in 1964.

The letter Rockower purchased last night included two photographs of the late President taken during the 1960 campaign and two others taken in October, 1963.

In the letter to Matt Karwein, a friend, the former First Lady wrote:

"This is the picture I said I would send you. It was taken late last October. I never saw it until the funeral. You should compare it to the other photograph which was taken during the 1960 campaign, and then you will see how three years of the presidency changed my husband."
